Missing proofs of delivery — 47

LINDBERGH FORMATION — 16 rue de Maillé, 91310 Montlhéry, France · Companies register (RCS) Evry 817 946 114

Document issued on 09/11/2026

Fictional document

> **Fictional document — demonstration example**
> This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

> **Fictional document**, produced for demonstration. **The sort is not by age but by claim deadline.** A three-day-old proof on a disputed shipment is worth more than a thirty-day-old proof on a quiet one.

What exists, and where

State	Count	Where	Action
Paper, with a driver	**35**	3 drivers, per the run sheets	**To be scanned**
Not found	**12**	No scan, no paper reported	**To be decided**

The 35 recoverable

Driver	Proofs held	Next return to the depot
A.	16	**Tonight**
B.	12	**Thursday**

Driver	Proofs held	Next return to the depot
C.	7	**Tonight**

Twenty-three of the thirty-five proofs can be scanned tonight. That is not a projection: it is what the run sheets say.

The 12 not found, by urgency

#	Shipment	Delivered	Amount	Disputed?	Claim deadline
1	EXP-57904	28/06/2026	**€14,200**	**Yes**	**In 4 days**
2	EXP-58117	09/07/2026	**€3,400**	**Yes**	**In 6 days**
3	EXP-58203	14/07/2026	**€890**	**Yes**	**In 6 days**
4 to 12	9 shipments	02/07 to 31/07	€210 to €2,100	No	12 to 41 days

> **Three of the twelve relate to shipments already disputed.** They are the only ones costing anything this week; the other nine may cost something, later.

The route that is not taken by default

Asking the customer for a delivery confirmation in place of the proof is possible, and sometimes the only route. It means asking the party disputing to acknowledge receipt. **That is a commercial decision, taken file by file — not an administrative fix applied to all twelve.**

For the 3 disputed: ☐ ask the customer for a confirmation · ☐ proceed without the proof · ☐ other: .....

---

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
