Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for the demonstration. Group, subsidiaries, accounts, applications and people are invented — on this subject, the people whose access is discussed are invented too. **No write is made to any real system. The absence of an answer is recorded as such**, with its dates. It is converted into no decision at all.

The timeline, as it will be read

Date	Event	Trace kept
12/08/2026	Batch sent to the owner — 23 rights	Delivery acknowledgement
19/08/2026	First chaser	Timestamp, recipient
26/08/2026	Second chaser	Timestamp, recipient
02/09/2026	Unanswered	Recorded: 21 days, 2 chasers, 0 decisions

Why a silence does not become a certification

LINDBERGH FORMATION — a simplified joint-stock company with share capital of €250,000 · Registered office: 16 rue de Maillé, 91310 Montlhéry, France · Companies register (RCS) Evry 817 946 114 · SIRET 817 946 114 00029 · VAT FR 60 817 946 114 · "Blue Lemon Agent" trade mark · Training-provider registration no. 119 108 635 91 (Île-de-France prefect — this registration does not amount to State approval) · Qualiopi certified, no. 03896, for the "training actions" category · contact@bluelemonagent.ai · dpo@bluelemonagent.ai · Hosted in France.

If no answer meant approval, **the campaign would measure owners' availability and not the accuracy of the rights**. The busiest owner would mechanically certify the largest volume, **and the instrument would stop measuring what it was put in place for**. The day the question is asked — how were those 23 rights certified? — **“nobody answered” does not hold**.

The three routes that close the campaign

Route	What it assumes	What the file will carry
Designated deputy	Note of 03/03/2026 on deputising — never used	“Settled by the designated deputy, under the note of 03/03/2026”
Escalation to the general manager	After two chasers, batch passed on as it stands	“Escalated on 03/09/2026, settled by general management”
Partial closure	581 accounts closed, 23 rights left open	“23 rights not settled, owner absent, chasers on 19 and 26/08”

The recommendation

The first route. It is already written into the SEM's organisation, it calls for no new decision, and **it turns a campaign gap into a procedure actually used**.

Decision awaited: General manager of the SEM

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
