0 parts shortage this half-year, against 6 · fictional document

> **Fictional document — demonstration example**
> This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

> **Fictional document**, produced for the demonstration. Placing an order commits the company's money: **this is not a refusal by the agent, it is a mandate**. Reserving a part in stores, by contrast, buys nothing and needs no mandate.

What the stores looked like before

Finding	Value	Reading
References in stock	1,940	—
No movement in 3 years	**310**	Capital tied up for nothing
Missing at the moment of intervening	**47 references**	**The stock is not too small: it is badly distributed**
Shortages at the moment of intervening, previous half-year	**6**	**42 h of stoppage, €48,300 of margin — 2-hour jobs turned into 9-hour ones**

The mandate, clause by clause

Clause	Content
Purpose	Order maintenance-plan parts from approved suppliers
Scope	**References listed in the maintenance plan only · 4 approved suppliers**
Caps	**€800 per reference · €6,000 a month — automatic stop once reached**
Conditions	**Stock below the threshold set by the site, or reference attached to a red or amber flag**
Term	3 months, renewable in writing
Withdrawal	**One word, immediate effect**
Always reserved to the manager	**Any part outside the plan · unapproved supplier · express order at a premium · anything above the cap**

What the mandate produced

Indicator	Previous half-year	Half-year observed
Shortages at the moment of intervening	**6**	**0**
Hours of stoppage caused by a shortage	42 h	**0 h**
Margin lost accordingly	€48,300	**€0**
Stock value	Baseline	**− 4 % — the 310 dormant references are no longer replenished**

The next step proposed: place an **option** — not an order — on a slot with the machining subcontractor as soon as a red flag lands on equipment not repaired in house. **An option is free and cancels 48 h beforehand.** Over the half-year it would have saved **9 days on two jobs**.
