Treatment plan — measure, owner, deadline

LINDBERGH FORMATION — 16 rue de Maillé, 91310 Montlhéry, France · Companies register (RCS) Evry 817 946 114

Document issued on 09/11/2026

Groupe Vaubrun — fictional holding company with eleven industrial subsidiaries · fictional document

Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for the demonstration. The values below are the ones the engine actually read from the case: they recompute, they are not transcribed.

Measure	Evidence required to close
Filiales couvertes par une évaluation à jour	dated, signed document, with its scope
Conventions intragroupe portant une clause de sécurité	dated, signed document, with its scope
Services mutualisés sans propriétaire nommé	dated, signed document, with its scope
Accès de prestataires survivant à une cession	dated, signed document, with its scope

Segment exceptions, written and reasoned

Exception

Une filiale cédée en cours d'exercice sort du périmètre à la date de cession, et ses accès avec elle.
Un prestataire de consolidation touche onze jeux de comptes : sa criticité se calcule sur l'agrégat, pas sur une filiale.

> **A measure closes on its document, not on a promise.** Remediation closed without evidence stays open in the file.

> **Request a demo with your own documents**
> This document is a fictitious example. To see the agent work on your own documents, request a demo from its page.

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
