Un fournisseur historique sans contrat écrit se traite comme une relation active : l'absence de contrat est l'écart, pas une raison de ne pas évaluer.

Un service arrêté depuis moins d'un an garde ses obligations de conservation et d'effacement : la relation se clôt, la preuve reste.

A measure closes on its document, not on a promise. Remediation closed without evidence stays open in the file.

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
