Three acts affected — three different treatments

LINDBERGH FORMATION — 16 rue de Maillé, 91310 Montlhéry, France · Companies register (RCS) Evry 817 946 114

Document issued on 09/11/2026

Fictional document

Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **The third act is flagged in order to say it must be left alone.** An act amended for no reason is an act weakened, and the reflex to redo everything costs more than it returns.

Act	Date	Treatment	Why	Extent
Order on playground hours	08/06/2023	**To repeal**	**Entirely absorbed by the new text**	1 article
Staff notice	15/03/2026	**To amend**	Refers to the repealed hours	**2 lines**
Management resolution	12/02/2024	**To leave alone**	**Untouched by the new text**	**Nothing**

The two lines of the notice to change

Line	Current text	What is wrong
4	"at the hours set by the order of 08/06/2023"	**Will point at a repealed act**
11	"from 9 a.m. to 7 p.m. in term time"	**Hours taken from the repealed act**

> **The repeal is not slipped into an article of the new order.** A repeal buried in a text about something else gets lost: in six months nobody will know that order brought down the previous one.

The repeal article proposed

Requirement	Met?
Separate article	**Yes**
Repealed act named	**Yes**
Date of the repealed act given	**Yes**
Written by the agent	**No — proposed, to be approved**

> **Request a demo with your own documents**
> This document is a fictitious example. To see the agent work on your own documents, request a demo from its page.

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
