> **Fictional document — demonstration example**
> This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

> **Fictional document**, produced for demonstration. **None of those 34 questions was answered late**, and that is exactly what makes the subject invisible: nothing shows up in the indicators.

Situation	Questions	Share
Drafter assigned within 72 h	**72**	61%
Drafter assigned between 3 and 7 days	12	10%
Drafter assigned after more than a week	**34**	**29%**
Total	**118**	100%
Of which answered late	**0**	**0%**

> **The days at the start are not worth the same as the days at the end.** The first are the ones in which a reply is prepared comfortably; those are the ones the 72-hour signal hands back.

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
