**Fictional document — demonstration example**

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

**Fictional document**, produced for demonstration; candidates are shown by a letter. **No score, no ranking, no shortlist.** Those objects do not exist in the tool — it is not a disabled option.

> **This table is not read left to right counting filled cells.** It is read file by file, to know where to open — and it is the panel that reads the file, not the table.

## The legal rule cited, and its single reference

"*The data subject shall have the right not to be subject to a decision based solely on automated processing, including profiling, which produces legal effects concerning him or her or similarly significantly affects him or her.*"

**Article 22(1) of the General Data Protection Regulation.** It is the only legal reference cited in this demonstrator.
