Panel — the four people who have already sat

LINDBERGH FORMATION — 16 rue de Maillé, 91310 Montlhéry, France · Companies register (RCS) Evry 817 946 114

Document issued on 09/11/2026

4 days out · fictional document

Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **No name is proposed.** Constituting a panel is a decision, and a proposal from a tool would weigh on it without anyone knowing why that name came up.

Element	State	Source
Members required	**3**	**Resolution of 09/02/2025**
Members appointed	**2**	Constitution order
Third member	**Not appointed**	—
Capacity required for the third	**Specified by the resolution**	**Resolution of 09/02/2025**

People who have sat in that capacity

Person	Panel	Date	Still in post?	Availability sent for that week

1	Technical officer recruitment	03/2025	**Yes**	**Yes**
2	Administrative recruitment	09/2025	**Yes**	**Yes**
3	Management recruitment	01/2026	**Yes**	**Yes**
4	Technical officer recruitment	06/2024	**No**	—

> **The last column comes from the shared calendars you opened to me, for other meetings that same week.** It is not availability for this panel: it is a known presence, and it shortens the search.

The usual calendar

Recruitment	Panel constituted before the closing date
1	14 days
2	9 days
3	**12 days**
4	8 days
5	**15 days**
6	7 days
Average	**11 days**
Current	**4 days**

Four days is not abnormal: it is the low end of the usual range. Saying so avoids presenting as an alert what is a tight but established practice.

---

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
