Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **The agent applies the frequency in the procedure note of 12/01/2025 and quotes no article of law.**

If the law provides otherwise, the law prevails, and that check belongs to the company.

Employee	Last appraisal	Department	Successive heads since
A	2020	The same	3
B	2020	The same	3
C	2019	The same	3
D	2019	The same	3

Three heads succeeded one another and none inherited the register. That is the fact — and it is why the flag goes to HR and not to a manager.

What is supplied, and to whom

Element	Recipient
The list and the dates	HR
The reporting-line history	HR
An individual reproach	None

What is proposed next

Proposal	Recipient
Alert three months before the due date	The manager in post that day
And not whoever held it when the clock started	—

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
