Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **The agent does not write that an application "was not successful" when it was never read.** That is the most frequent wording and it is a lie: the candidate believes they were assessed.

Waiting	Candidates
Under a month	41
1 to 3 months	55
3 to 6 months	77
More than 6 months	41
Total	214

Thirty-four of the 214 had applied to you before. They tried again and received nothing twice — an unanswered application is the only interaction those people will have had with the company.

The two versions prepared

Situation	Candidates	What the reply says
Arrived after the post was filled	187	The post was filled, with the date
Arrived before, not examined	27	The file was not examined

What the second version does not say

Wording	Used?	Why
"Your application was not successful"	No	It was not read
"After careful consideration of your profile"	No	There was no consideration
"Your file was not examined"	Yes	That is what happened

The second version contains an admission, and that is why the agent does not send it. How to say it belongs to the company.

What it represents in work
