> **Fictional document — demonstration example**
> This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

> **Fictional document**, produced for demonstration. **Stating them beats implying an exhaustiveness that nothing could check.**

The date of the search	**Carried by every answer; priority subjects are revisited at the rhythm set**
The source's exact wording	**Link and exact excerpt: the source is read in its own words, not in a summary**
The flagging of undated pages	**Flagged as undated, not treated as current**

What sits **behind a subscription, outside the index, or published after the search** escapes the agent. A search redone three months later **is not the same one.**
