Week calendar — 3 drafts

LINDBERGH FORMATION — 16 rue de Maillé, 91310 Montlhéry, France · Companies register (RCS) Evry 817 946 114

Document issued on 09/11/2026

Back-to-school theme · fictional document

Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **Nothing is scheduled:** the three posts below are drafts placed in the calendar. **They are waiting for a named approval before anything goes online.**

The three posts prepared

Network	Template	Subject	Slot proposed	Status
Facebook	Announcement	Back-to-school pastries return, extended hours across the 3 shops	Tuesday 12:45 pm	**Draft**
LinkedIn	Tip	Ordering a platter for a meeting: lead time, minimum, delivery	Thursday 9 am	**Draft**
Instagram	**Behind the scenes**	The bakehouse at 5 am, first batch of the new term	Saturday 10:30 am	**Draft**

What justifies each slot

Slot	Relative reach over 24 months	Reading
Instagram · Saturday 10:30 am	**2.3 ×**	**The house's best slot — used only 4 times out of 10**
LinkedIn · Thursday 9 am	1.9 ×	Corporate customers open LinkedIn as they arrive
Facebook · Tuesday 12:45 pm	1.5 ×	Lunch break, local audience
Sunday 8 pm	**0.4 ×**	**The most used slot today, because it is when there is time**

Why the LinkedIn angle carries this subject and not another

Month	Corporate orders	Editorial consequence
August	11	—
September	**34**	**The strongest month on this line: the back-to-work meeting angle takes priority**

The time moved

Area	Before	With the agent	What stays with a human
Keeping the weekly calendar	**40 % of Monday morning**	**10 %**	**Reading three drafts**

---

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
