What is kept, what is never attached to an employee

LINDBERGH FORMATION — 16 rue de Maillé, 91310 Montlhéry, France · Companies register (RCS) Evry 817 946 114

Document issued on 09/11/2026

Fictional document

> **Fictional document — demonstration example**
> This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

> **Fictional document**, produced for demonstration. **The number of views is reported without naming anyone.** Knowing that seven people check ten times a month is information about the screen; knowing which seven is information about them.

Item	Kept?	Why
The question, reworded without what identifies it	**Yes**	**Improving answers**
The answer and the balance cited, with its date	**Yes**	**Retracing the path**
Gaps flagged and their outcome	**Yes**	Fixing an arrangement
Rates consulted	**Yes**	Justifying a value used

Item	Kept?	Why
Who asked which question	**No**	**An employee who knows they are tracked stops asking**
Views per employee	**No**	**Information about the person**
Request history per person	**No**	**Same**
Individual pay element	**No**	**The agent does not compute pay**

What the monthly summary contains

Content	What it indicates
Gaps in applying agreements	**An agreement partly applied**
Rates not updated	**A possible adjustment**
Unexplained balances	Case files to open
Most frequent questions by subject	**What the screen or payslip does not explain**

> **The fourth indicator improves the arrangement rather than the answers.** A question asked three hundred times describes an illegible document, not three hundred badly informed employees.

To be set by the company

Retention period for reworded questions and their answers: _____ months

Retention period for flagged gaps: _____ months

---

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
