Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **The 23 officers are not named.** It is not their mistake, it is the pack's, and a named list would add nothing.

Element	Training pack	Procedure of 02/04/2026
Steps in the circuit	**4**	**3**
Step 1	Receipt	Receipt
Step 2	**Intermediate approval**	**Removed**
Step 3	Processing	Processing
Step 4	Notification	Notification

Session	Date	Officers trained	Pack used
1	28/04/2026	12	**Out of date**
2	16/06/2026	11	**Out of date**
3	**15/09/2026**	**Upcoming**	**To be corrected**

> **What is done is done; what matters is the 15 September session.** Correcting the pack before that date avoids adding a third cohort to those applying a circuit that no longer exists.

What was checked before saying it

Check	Result
Cases handled since their session by the 23	**Examined**
Average delay found	**2 days**
Same delay on other officers	**No**
Named list produced	**No**

The delay was measured on the cases, not on the people: it had to be established that the pack's gap produced a real effect before mobilising a trainer and a session.

What is proposed

Action	Before	Content
Correct the pack	**15/09**	Remove step 2
Message to those trained on that circuit	**15/09**	**2 lines, without distinguishing who applied what**
