Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for the demonstration. **This document exists to stop you buying too much.** A lighter offer is enough in a great many cases, and it is better to hear that before signing than after.

What each offer carries

Capability	Business document agent	Enterprise knowledge	Document platform
Search across a base	**Yes**	**Yes, unified**	**Yes, unified**
Respect for existing rights	Yes	**Yes**	**Yes, through a single matrix**
Version register	No	No	**Yes**
Single access matrix	No	No	**Yes**

Capability	Business document agent	Enterprise knowledge	Document platform
Consultation log by role	No	No	**Yes**
Shared foundation for several business agents	No	No	Covered by the “agent platform” offer

The test that settles it

Situation	Offer indicated
One source, fewer than a thousand documents, no contractual traceability obligation	**Business document agent**
Several sources, unified search with no need to govern versions	**Enterprise knowledge**
Nine sources, 214,000 documents, 3 customers requiring the log by contract	**Document platform**

The calculation, for this company

Item	Today	With the platform	Returned
Looking for documents	3,640 h/yr	392 h/yr	**3,248 h**
Checking which version is in force	1,480 h/yr	148 h/yr	**1,332 h**
Reconstructing consultations (per audit exercise)	**350 h**	**30 h**	**320 h**
Total	—	—	**4,900 h a year ≈ 3 full-time equivalents**

The cost against it: €454 a month, that is €5,448 a year. The heaviest item is not the most visible one: it is the audit exercise, **350 hours brought down to 30**, which

tied up the quality manager for eleven calendar weeks.

> **What is proposed before any signature:** a pilot on the **three most consulted sources — 128,000 documents, 60% of the base**. If the gain is not there on those three, it will not be there on the nine, and you will have known within six weeks.

For management to settle

Three sources chosen for the pilot: _____
