Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **No version is withdrawn or marked obsolete.** An older version can still be the operative one, and a library that tidies up on its users' behalf becomes a library nobody uses.

Nature of the duplicate	Count	Subject
Strict duplicate, identical content	**153**	Housekeeping
Diverging content	**31**	**Information**
of which the divergence is on figures	**7**	**Priority**
of which the divergence is in drafting	24	Secondary

153 of the 184 duplicates are not an information problem. Separating them avoids presenting a housekeeping matter as a risk, and avoids drowning the seven that count.

The seven divergences on figures

Document	Versions	Largest gap
Budget orientation report	2	**€140,000**
Support scheme review	2	12 files
Staffing table	3	**4 posts**
Multi-year programme	2	2 projects
Debt position	2	**€85,000**
Energy review	2	1 building
Asset register	2	3 assets
