# Four expected reports

LINDBERGH FORMATION — 16 rue de Maillé, 91310 Montlhéry, France · Companies register (RCS) Evry 817 946 114

Document issued on 09/11/2026

3 delays, 1 received but never filed · fictional document

**Fictional document — demonstration example**

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

**Fictional document**, produced for demonstration. **The fourth is not a delay.** The document exists, it arrived in April, and it was never filed in the library — the easiest of the four to fix and the most invisible.

| Document | Due | State | Delay | Article of the agreement |
|---|---|---|---|---|
| Concession holder's annual report | **31/01/2026** | **Not received** | **7 months** | Art. 12 |
| Association's interim report | 30/04/2026 | **Not received** | 4 months | Art. 6 |
| Body's inspection report | 30/06/2026 | **Not received** | 2 months | Art. 9 |
| **Joint authority's activity report** | 30/04/2026 | **Received 14/04** | **None** | Art. 4 |

**The fourth arrived two weeks before its date and was never filed in the library.** It is in a shared mailbox, where it was not looked for because the date lived only inside the agreement.

## The three chasers prepared

| Recipient | Article cited | Document recalled | Signed by |
|---|---|---|---|
| Concession holder | Art. 12 of the agreement of 04/03/2021 | 2025 annual report | **Signing department** |
| Association | Art. 6 of the agreement of 12/01/2026 | Interim report | **Signing department** |
| Body | Art. 9 of the agreement of 22/09/2024 | Inspection report | **Signing department** |

Each chaser cites the article providing for the document. A chaser that recalls an obligation without saying where it comes from gets argued with; one that cites the article gets acted on.

**Request a demo with your own documents**

This document is a fictitious example. To see the agent work on your own documents, request a demo from its page.
