Morning watch — 4 flags

LINDBERGH FORMATION — 16 rue de Maillé, 91310 Montlhéry, France · Companies register (RCS) Evry 817 946 114

Document issued on 09/11/2026

07/08/2026 · fictional document

Fictional document — demonstration example

This document is produced by the Blue Lemon Agent website to illustrate what an AI agent hands to its users. The companies, matters, amounts and people in it are invented. It has no legal, accounting or commercial value.

Fictional document, produced for demonstration. **The fourth flag is not a delay: it is a document received that was never filed in the library.** It is the easiest of the four to fix and the most invisible.

#	Flag	What triggered it	Deadline	Recipient	Chase
1	214-page report never opened	Arrived 12/07, 0 openings	**Deadline 15/09, p. 187**	Chief executive + department	**24 h**
2	Two diverging versions	Appendix 3, different figures	Joint document in September	The 2 holding departments	7 d
3	Report cited and not found	Internal note	—	Author of the note	7 d
4	4 expected reports unreceived	Live agreements	**7 months for the oldest**	Signing departments	7 d

> **The first flag would never have surfaced otherwise.** An unopened report produces no signal: there is no error, no complaint, no visible delay — only a deadline approaching inside an appendix.

Flag 1 — why it comes first

Element	Value
Pages	214
Received	12/07/2026
Openings since	**0**
Deadline contained	**15/09/2026, p. 187**
Days remaining	**39**
Authority named in the scope	**Yes, p. 12**

The last row is what turns general information into an obligation of your own. Without it, the page 187 deadline might concern nobody here.

Proposed chases

Flag	Without action	Then
1	Reminder at 24 h	Chief executive at 48 h
2, 3, 4	Reminder at 7 days	Chief executive at 14 days
All	—	Monthly summary, by document

---

Scope of this document: the service operated by Blue Lemon Agent. For an agent deployed at your premises, the applicable location is that of the architecture set out in the quotation and verified before commissioning; local execution is announced only for the configuration explicitly described and accepted in the quotation; the applicable isolation depends on the deployment mode set out in the quotation, no dedicated isolation being presumed; the encryption mechanisms in transit and at rest, their components and key management are those documented for the architecture chosen; roles and permissions are configured and accepted for the identities and systems actually connected; the events logged, their content, their retention period and who may access them are defined for the deployment chosen.
